Subject: Streamside Set Back

I am opposed to the proposed ordinance for Streamside Set back. I have owned property in the Bitterroot for 55 years, first farming at the Lee Metcalf along the Bitterroot River and now on Willoughby Lane, where we farm alongside various other water sources. I don't believe farming will have a future even though you claim nonconforming status with all the regulations. You will but what few original farms there are left we not be able to produce enough to maintain any sort of income.
